Wong, Y. Joel ... (Hrsg.): APA Handbook of Men and Masculinities (APA handbooks in psychology), Washington, D.C.: American Psychological Association 2016

» The psychology of men and masculinities is a broad, interdisciplinary field devoted to the study of how men’s and boys’ lives are shaped by biopsychosociocultural influences as well as the constellation of meanings associated with the male biological sex. The use of the term “masculinities” reflects the editors’ belief that there are diverse meanings associated with being male that vary across time, situations, social groups, and cultures. In the past three decades, there has been an exponential growth in empirical psychological research on men and masculinities, although this emerging body of research has yet to be appropriately summarized, synthesized, and critically evaluated. Matsumoto, David ... (Hrsg.): APA Handbook of Nonverbal Communication (APA handbooks in psychology), Washington, D.C.: American Psychological Association 2016

» The APA Handbook of Nonverbal Communication provides scholarly reviews of state-of-the-art knowledge in the areas of nonverbal communication and nonverbal behaviors. It includes an entire section devoted to new and improved methodologies and technologies that allow for the recording, capture, and analysis of nonverbal behaviors. The primary audience for the book is researchers in the area, as well as by students in graduate-level classes on nonverbal communication or behavior. […] « [Verlagstext] u:search
